## 03.01.00 Premium Calculations

### The Fund Mobile Application Release Version 01.00.00

This is the Premium Calculations Calculator.

The screenshot shows the 'Premium Calculations' app interface on a tablet. The app has a blue header with a back arrow, the title 'Premium Calculations', and a settings gear icon. Below the header, there is instructional text: 'Enter Numbers Only - \$250,000.00 would be entered as 250000. Then check any endorsements that apply, and click the calculate button.' The main form is divided into sections. The 'Information' section contains three rows of selection boxes: 'Issue Type' with 'Original Issue' selected (marked with a blue checkmark), 'Property Type' with 'Residential' selected (marked with a blue checkmark), and 'Endorsements' with 'No' selected (marked with a blue checkmark). Below this is the 'Original Issue Rate Calculations' section, which has three input fields: 'Enter Policy Amount of Insurance', 'Enter Simu Policy Amount of Insurance', and 'Enter Add'l Simu Amount of Insurance'. At the bottom of the form is a navigation bar with three buttons: 'Calculate Results' (blue), 'Clear Calculator' (grey), and 'View Details' (red). Below the navigation bar is a section titled 'Premium & Old Republic Share' with three input fields: 'Premium', 'Old Republic Share', and 'TRID Rating'. The bottom of the screen shows a standard mobile OS dock with icons for Home, Bookmark, and Search. Eight yellow numbered callouts are placed around the interface: 1 points to the 'Issue Type' selection box, 2 points to the 'Property Type' selection box, 3 points to the 'Endorsements' selection box, 4 points to the 'Original Issue Rate Calculations' section, 5 points to the 'Calculate Results' button, 6 points to the 'Clear Calculator' button, 7 points to the 'View Details' button, and 8 points to the 'Premium & Old Republic Share' section.

- 1 Tap to select the policy Issue Type.
- 2 Tap to select the Property Type.
- 3 Tap to select if the policy has Endorsements. If 'yes' is selected, an Endorsements tab with available endorsements will be shown.
- 4 Enter the policy insurance amounts for the main policy and any simultaneous policies (enter numbers only, do not enter any non-numeric characters such as dollar signs, periods etc).
- 5 Tap the "Calculate Results" button to calculate the estimated premiums due.
- 6 Tap the "Clear Calculator" button to start over and remove any data you may have entered into the calculator.
- 7 Tap the "View Details" button to view the expanded results for the current premium calculation. This will display an in-depth look at all of the premium rates and calculations (page 12).
- 8 Displays the results of the premium, Old Republic due and TRID due premiums from the calculation.

## 03.02.00 Closing Costs

### The Fund Mobile Application Release Version 01.00.00

This is the Closing Costs Calculator.

The screenshot shows the 'Closing Costs' app interface. At the top, there's a title bar with a back arrow and a settings gear. Below it, instructions state: 'Enter Numbers Only - \$250,000.00 would be entered as 250000. Then check any closing costs that apply, and click the calculate button.' The form is divided into sections: 'Information' with fields for Purchase Price, Mortgage Amount, and Property Type (Single Family Residence is selected); 'Closing Costs' with 'Adjustable Amounts' (Total Mortgage Fees, Settlement Fee, Title Search) and 'Calculated Amounts' (Commission). At the bottom, there are 'Calculate Results' and 'Clear Calculator' buttons. Below the buttons is a 'Results' section showing 'Buyer Total' and 'Seller Total' as 0. A disclaimer note is at the very bottom.
