

Our Business Continuity Plan

We are being proactive to keep everyone safe and healthy

The health and safety of our clients, employees and our community are top priorities at our firm. Here are some things we are doing to promote everyone's safety and comfort throughout the closing process while we all maneuver through these circumstances.

- **We are educating all of our employees about COVID-19** and reminding them to follow simple, but precautionary steps such as frequent hand-washing, using hand sanitizer and using wipes to keep their desks and office area clean.
- **We have a business continuity plan in place** to handle transactions in a timely manner.
- **We clean our closing rooms** after every closing.
- **We use new pens** after every closing.
- **Documents will be emailed** after closing instead of handling paper.
- We are encouraging our team members to **take any signs of illness seriously** and seek medical attention as needed.
- **We offer mobile notaries** as an option if you don't want to come to the office.

As always, we are grateful for your business.

Please be safe and stay healthy!
